

HARMONET SCORING SUMMARY, Central States District Quartet Contest SPEBSQSA, Inc., Cedar Rapids, Iowa, October 2, 1999

**	*******	******	* * * * *	****	****	****			
* SPECIAL NOTES ON SHOW PACKAGE SCORING *									
*						*			
*	This contest included the experimental "Show	7 Package	e" fo	ormat	foi	: *			
*	the finals round. Each judge may award up to	40 poir	nts f	Eor t	he	*			
*	entire "package" presentation's entertainment value. The "SHOW" *								
*									
*	by each category's panel (2 judges per category, 80 points total *								
*	possible per category, 240 total possible points). The percentage *								
	shown under the "SHOW" header is the percentage awarded for Show *								
*	Package points only. For example, in the first quartet, 48+56+47 *								
	=151, and $151/240 = 0.63$, or 63.0 %.					*			
*						*			
*	The TOTL score is the normal contest scores	PLUS the	e Sho	ow Pa	ackag	je *			
*	score. The overall percent average is comput	ed by d	ividi	ing 1	TOTL	by *			
*	2640 maximum possible points (2400 contest p	oints p	lus 2	240 s	show	*			
*	package points). For example the first quart	et TOTL	is 1	L884,	, so	*			
*	1884/2640 = 0.71, or 71.0%.					*			
*						*			
*	To allow comparison with quartets in other D) istricts	s whi	ich d	did r	not *			
*	* use the Show Package format, The percent average is calculated *								
*	using the TOTL amount LESS the Show Package	scores,	divi	ided	by	*			
*	2400. So for the first quartet, (1884-151)/2	400 = 0	.7221	L, 01	c 72.	.2%.*			
*	* This is the percentage that the quartets will be ranked with in *								
*	the overall summary listing, even if the Sho	w Packag	ge to	otal		*			
*	percentage was higher.					*			
*						*			
*	* The Show Package format scoring rules also have a time penalty of *								
*	one point per second over the time limit. If	i a quart	tet 1	lost	poir	nts *			
*	due to a time penalty, these points would be	added l	back	into	o the	e *			
	total when calculating the contest-only perc		-			*
