## Contest Scores

HARMONET SCORING SUMMARY, Illinois District Quartet Contest  
 SPEBSQSA, Inc., Peoria, Illinois, September 25, 1999

```
*****
*                SPECIAL NOTES ON SHOW PACKAGE SCORING                *
*                                                                 *
* This contest included the experimental "Show Package" format for *
* the finals round. Each judge may award up to 40 points for the *
* entire "package" presentation's entertainment value. The "SHOW" *
* row in each finalist quartet score shows the Package score awarded *
* by each category's panel (2 judges per category, 80 points total *
* possible per category, 240 total possible points). The percentage *
* shown under the "SHOW" header is the percentage awarded for Show *
* Package points only. For example, in the first quartet, 58+73+50 *
* =181, and 181/240 = 0.7541, or 75.4%. *
*                                                                 *
* The TOTL score is the normal contest scores PLUS the Show Package *
* score. The overall percent average is computed by dividing TOTL by *
* 2640 maximum possible points (2400 contest points plus 240 show *
* package points). For example the first quartet TOTL is 2087, so *
* 2087/2640 = 0.7905, or 79.1%. *
*                                                                 *
* To allow comparison with quartets in other Districts which did not *
* use the Show Package format, The percent average is calculated *
* using the TOTL amount LESS the Show Package scores, divided by *
* 2400. So for the first quartet, (2087-181)/2400 = 0.7941, or 79.4%. *
* This is the percentage that the quartets will be ranked with in *
* the overall summary listing, even if the Show Package total *
* percentage was higher. *
*                                                                 *
* The Show Package format scoring rules also have a time penalty of *
* one point per second over the time limit. If a quartet lost points *
* due to a time penalty, these points would be added back into the *
* total when calculating the contest-only percent average. *
